	Carson		injunction - limited authorities for enforcement by law doing anything to encumber to using and accessing breach of section #137. is another need to know where RCMP stand common law authority is strong to go against the injunction.	
	Mike ⁱⁿ		Easy solution - to swear in RCMP.	
	Chris ⁱⁿ		Provincial act → 2 week extension. we can quickly act on that.

	Carson	Bell	have Roovers, static and CRT's risk of maintaining static posts?
	Bell	Carson	mine = not over Saturday risk desire to maintain but less intrusive to public

	E/C		will put legal on working on package of authorities for all officers city closing of Wellington (barricade / ballards) now plan is for traffic flow in Wellington - City have no intentions to open Wellington my thoughts on that - police posture will have to be strong so it doesn't become another party zone.
	Springer		traffic would prevent that.
	E/C		the If we can articulate our posture we can look @ this let city make that call?
	Carson
